### English

Congratulations on your purchase, and welcome to Philips! To fully benefit from the support that Philips offers, register your product at [www.philips.com/welcome](http://www.philips.com/welcome).

### 1 Important

Read this user manual carefully before you use the appliance and keep it for future reference.
**WARNING:** Do not use this appliance near water.
When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a risk, even when the appliance is switched off.
**WARNING:** Do not use this appliance near bathtubs, showers, basins or other vessels containing water.

Always unplug the appliance after use.
If the appliance overheats, it switches off automatically. Unplug the appliance and let it cool down for a few minutes. Before you switch the appliance on, check the grill as make sure they are not blocked by fluff, hair, etc.

If the mains cord is damaged, you must have it replaced by Philips, a service centre authorised by Philips or similarly qualified person in order to avoid a hazard.
This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning its use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Children require maintenance shall not be made by children without supervision.

For additional protection, we advise you to install a residual current device (RCD) in the electrical circuit that supplies the battery. This RCD must be able to trip at a residual current below 30mA. Ask your installer for advice.

Do not insert metal objects into the air grilles to avoid damage to the appliance.
Never block the air grilles.
Before you connect the appliance, ensure that the voltage indicated on the appliance corresponds to the local power supply.

Do not use the appliance for any other purpose than described in this manual.
Do not use the appliance as artificial hair.
When the appliance is connected to the power, never leave it unattended.

Never use any accessories or parts from other manufacturers or that Philips does not specifically recommend. If you use such accessories or parts, your guarantee becomes invalid. Do not use any tools or equipment for maintenance unless they are specifically intended for this purpose.
Wait until the appliance has cooled down before you store it.
Do not pull on the power cord after using. Always unplug the appliance by pulling on the plug.
Pay full attention when using the appliance since it could be extremely hot. Only hold the handle as other parts are hot and avoid contact with the skin.
Avoid any contact from coming into contact with the hot parts of the appliance.
Never cover the appliance with anything (e.g. a towel or clothing) when it is hot.
Do not operate the appliance with wet hands.
Always use the appliance to a service centre authorized by Philips for examination or repair. Repair by unqualified people could result in an extremely hazardous situation and reduce its safety.

Keep the barrel clean and free of dust and styling products such as mousse, spray and gel. Never use an appliance in combination with styling products.

Always use the appliance on a clean towel or away from water. However, this does not affect the performance of the appliance.
If the appliance is used on color-treated hair, the barrel may be stained.

### Electromagnetic fields (EMF)

This Philips appliance complies with all applicable standards and regulations regarding exposure to electromagnetic fields.

### Recycling

This symbol means that this product shall not be disposed of with normal household waste.

Follow your country's rules for the separate collection of electrical and electronic products. Correct disposal helps prevent negative consequences for the environment and human health.

### 2 Overview

- Hanging loop
- Handle
- On/Off switch
- Release button
- 38mm Thermobrush
- 22mm Thermobrush (solo BAH301 only)
- Knob
- Adjustable bristle brush (solo BH303, BH305, BH310, BH313 only)
- Paddle brush (BAH310, BH313 only)
- Nozzle

### 3 Style your hair

Always let the appliance and attachments **cool down** before you connect or disconnect the attachments.

Always use the appliance on a clean towel first as this is most effective on towel-dry hair.

To select a suitable attachment for the hairstyle you want, please refer to the table below.

Hairstyle	Attachment
Dry hair	Nozzle (☑)
Create loose curls	Retractable bristle brush (☑) (solo BH303, BH305, BH310, BH313 only)
Create natural straight hair	Paddle brush (☑) (solo BH310, BH313 only)
Create inward-turned waves	38mm Thermobrush (☑)
Create outward waves	22mm Thermobrush (☑) (solo BAH301 only)

Select the desired setting to switch on the appliance:

- High temperature with strong airflow for fast drying
- Care temperature setting for gentle drying to prevent frizzing
- Cool airflow for fixing your hair style
- Only for BH303, BH305, BH310, BH313: Ions are automatically and continuously dispensed to provide additional moisture and reducing frizz when the appliance is powered on.

**Afters:**
1 Place it on a heat-resistant surface until it cools down.
2 Remove hairs and dust from the appliance and attachments.

### 4 Guarantee and service

If you need more information or if you have any problems, please visit the Philips website at [www.philips.com](http://www.philips.com) or contact the Philips Customer Care Centre in your country (you can find its phone number in the worldwide guarantee leaflet). If you are a US Consumer Care Centre in your country, go to your local Philips dealer.

Tiljykke med ditt køl, og velkommen til Philips! Hvis du vil have fuldt udbytte af dit apparat, som Philips tilbyder, kan du registrere dit produkt på [www.philips.com/welcome](http://www.philips.com/welcome).

### 1 Vigtigt

Læs denne brugervejledning grundigt, før du tager apparatet i brug, og behold den til senere brug.
**ADVARSEL:** Brug ikke apparatet i nærheden af vand.
Ved brug af apparatet i badeværelset, skal du trække stikket ud efter brug, da vand udgør en risiko, selvom apparatet er slukket.
**ADVARSEL:** Brug ikke apparatet i nærheden af badekar, brusebatterier, kummer eller andre kar, der indeholder vand.
Til altid stikket ud, efter du har brugt apparatet.

Dette apparat blev overvejet, slukket det automatisk. Tag stikket ud af stikkontakten, og tag apparatet væk fra vandet i et par minutter. Før du tænder apparatet igen, skal du kontrollere grillerne for at sikre, at de ikke er blokeret af fluff, hår osv.

Hvis nedledningen beskadiges, må du ikke udskiftes af andre personer med reducere fysisk, sensorisk eller mentale evner eller manglende erfaring og viden, hvis de er blevet instrueret i sikker brug af apparatet og forstår de medfølgende risici. Lad ikke børn lege med apparatet.

Bekendtgørelse af sikkerhedsforanstaltninger og instruktioner til installation af badeværelset er fornyet med et HF-relatet, der ikke overstiger 30mA. Kontakt eventuelt en elektriker til at installere metalgenstande i loftflugtene, da disse kan aflede elektrisk stød.
Blokér aldrig luftgitterne.
