We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

Wir stellen von Einwegkunststoff-Verpackungen auf Verpackungen auf Papierbasis um. Möglicherweise findest du in der Übergangszeit sowohl Papier als auch Kunststoff in unseren Boxen.

Nous passons progressivement des emballages en plastique à usage unique aux emballages à base de papier. Au cours de cette transition, il est possible que vous trouviez à la fois du papier et du plastique dans nos boîtes.

Stiamo passando dalla plastica monouso agli imballaggi basati su carta. In questo periodo, potrete trovare un mix di carta e di plastica nelle nostre confezioni.

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puede que encuentres una mezcla de papel y de plástico en nuestras cajas.

Estamos a fazer a transição do uso de plástico descartável nas embalagens por embalagens à base de papel. À medida que progredimos nesta transição poderá encontrar um misto de papel e plástico nas nossas caixas

Átállunk az egyszer használatos műanyagról a papír alapú csomagolásra. Az átállás folyamatos, ezért előfordulhat, hogy papír és műanyag zacskót egyaránt találsz a dobozainkban.

Mēs pārejam no vienreizlietojamās plastmasas uz iepakojumu, kurā izmantots papīrs. Pārejas procesa laikā kārbās var būt gan papīra, gan plastmasas daļas.

Facem tranziția de la ambalajele de unică folosință din material plastic la ambalaje pe bază de hârtie. Pe măsură ce avansăm, s-ar putea să găsești un amestec de hârtie și material plastic în cutiile noastre.

我们正在从一次性塑料包装向纸质包装过渡。在此过程中，你可能会发现我们同时采用纸质包装和塑料包装！

## Let the games begin!

From birthday parties to cafés and board rooms - you can play table football almost anywhere. (Except maybe space. For now.) From kids to great-great-grandparents, anyone can join in the fun. Get ready to assemble your own team of champions and let the games begin!

## For the love of play

Since its invention hundreds of years ago, football has evolved to become a beloved sport by millions across the world. When we cheer on our kids' football league or favourite champions or play for fun with friends, the playfulness and the strength in team spirit connects us. We're united by our love of the game – a universal game which transcends borders, beliefs or backgrounds. It's up to us, and future generations, to keep the inclusive spirit of the game alive and build new traditions. Players and fans should have each other's backs on and off the pitch. They can use their platforms to create awareness of important issues and kick off change. Heroic players, collective experiences, memorable matches and epic victories have become global inspirations and cultural treasures.

It's no surprise that table football has become such a popular social bonding activity, too. Even those of us who don't understand what 'offside' is, can be part of the action. It may be a miniature version of its original human-sized game, but the entertainment factor is enormous.

# Every player is awesome

The origins of table football are a little unclear. A few different versions of the game may have been in circulation in Europe as early as the late 1800s. The first documented patent on record was filed by a passionate soccer fan in England in 1923 although several other inventors claimed credit during the 1930s. It wasn't until the 1950s and '60s, as other parts of the world began to discover the game, that kids and adults everywhere brought it into homes, offices, cafés, and schools alike.

In our digital age, you might think traditional games would be outplayed or benched. But there is something about tangible gameplay that can't be replaced by pixels. The game is more than rivalry and competition. It's bigger than individual talent or skill, but about the collective joy of play and togetherness.

Table football comes in all manner of different sizes, materials, names and designs. Unlike actual football, table football does not have one internationally acknowledged set of rules, measurements or material requirements. Transfers are relatively rare. Contracts and championship prizes are not always lucrative. But the creative freedom you get with each table and game is priceless.

With 44 different minifigure heads and wigs, you can now create your own dream team. Invite others to play for a few minutes or hours on end, rebuild your game, make your own rules, cheat, or play fair - just have fun!

# We Love Sports!

'LEGO® Ideas is an ever-evolving display window and source of inspiration for talented and passionate LEGO fans. During the "We Love Sports!" contest, we saw a lot of creative and diverse entries. The LEGO Ideas review board selected 10 entries for a special review to be considered as an official set. Donát's model really stood out as a representation of pure joy, celebration, team spirit and togetherness. Enjoy playing!'

# Meet the Fan Designer

Donát Fehérvári from Hungary (LEGO® Ideas nickname Constructions by Donat) is an avid sports fan, plays handball, likes fishing and designing LEGO models. His original fan model had room for 22 minifigure players. Although the pitch was scaled down for the final version, Donát and the LEGO Ideas designers kept all the players on the team and worked together to turn them into a group of fun, diverse characters you can mix and match. A solution that aligns perfectly with Donát's passion for customisation:

'I have always loved turning my LEGO sets into other things. My grandfather gave me my first set when I was two. After that, I was addicted and wanted bigger and bigger models and soon started building my own creations. My uncle has a table football game that I enjoy playing, and I really like to build models with functions. I built the table digitally and created custom printed parts for decorations. I experimented with different colour schemes and took a few attempts to get the size right for the minifigure players to move. I felt really lucky that the model not only won the fan vote but was also approved as an official set. I hope fans will really enjoy customising the players and, of course, playing table football!'

# Meet the LEGO® Designers

'We loved the looks and design of Donát's original model. After thoroughly exploring options to keep it at the original scale, we decided to scale it down to create the best possible building experience and great stability while playing – without compromising the fun! We encourage everyone who wants to become a designer to try building different things and take on challenges in uncharted territory. This set is a perfect example. It really made us think outside the box. I got to try new building techniques and learned a lot in the process. It's great to watch people having fun playing with the model – I think that's the best part of the model.'

*Antica Bracanov, LEGO® Model Designer*

'Working on the graphic elements and minifigure designs for this set was really fun. I love football and with this set, Donát really captures the spirit of both the actual game and table football. The customisable set of characters in this model makes it easy for everyone to see themselves represented in the set and create their own characters. 25 of the 44 minifigure heads are new, and you can find wigs in new colours, too. I love that they represent both men and women, different skin tones, hearing devices, vitiligo and much more!'

*Kjeld Walther Sørensen, LEGO® Graphic Designer*
